This treatment package help:

Headache, TMJ, eye fatigue, blurred vision, dull facial skin, loose skin, hair loss, stress, poor sleep quality, toothache, rhinitis, etc.

Traditional Chinese Head & Face Scraping

Gua Sha is one of the Traditional Chinese Medicine natural remedies. It is to use a smooth tool to scrape back and forth on the body, face and scalp to promote the smooth flow of the meridians, promote blood and Qi circulation, remove blood stasis, expand capillaries and eliminate toxins. Because of its simple operation and easy application, it is widely used in TCM.

- **Scraping the scalp is great for treating headaches, reducing stress, and reducing the appearance of sleepy eyes.**
- **Scraping the face can activate deep cells, eliminate puffiness, improve skin dryness and colour, eliminate fine wrinkles, increase subcutaneous collagen, increase skin elasticity and promote anti-aging effects.**
- **Scraping around the eyes eliminates bags and dark circles and improves eye fatigue.**
- **Scraping the body helps to reduce pain and improve immunity.**

Effective for: Headache, TMJ, eye fatigue, blurred vision, dull facial skin, loose skin, hair loss, stress, poor sleep quality, toothache, rhinitis and various pains.
